

## UCSF Postgraduate Course and Poster Session Schedule

### Monday, January 25

3:00 - 4:00 pm EST	<b>MFM/Genetics Breakfast</b> <i>Pearls for MFM/Geneticists</i> Mary E. Norton, Teresa N. Sparks
4:00 - 7:00 pm EST	<b>President's workshop on preeclampsia</b> <i>Characterizing hypertensive disease in pregnancy with underlying nonimmune hydrops</i> Diana Robles, Juan M. Gonzalez, Sarah L. Downum, Mary E. Norton, Teresa N. Sparks

### Tuesday, January 26

11:00 am - 5:30 pm EST	<b>President's workshop on preeclampsia</b> <i>Breakout group 3: Investigating long-term impacts of preeclampsia and engaging healthcare practitioners (e.g. Primary care and Cardiology) in long-term care</i> Co-moderated by Martha Tesfalul
------------------------	---

### Wednesday, January 27

2:30 - 3 pm EST	<b>African/Global Coalition Session</b> <i>Promoting peaceful beginnings in Eritrea: the SELAM study</i> Martha Tesfalul
4:00 - 6:30 pm EST	<b>Genetics Scientific Forum</b> <i>Utility of prenatal exome sequencing</i> Mary E. Norton  <i>Non-immune hydrops fetalis: Diving deeper</i> Teresa N. Sparks
	<b>Global Health Forum</b> <i>Equitable Global Health: Brazil</i> Stephanie L. Gaw

### Thursday, January 28

10:30 am - 12:30 pm EST	<b>Oral Plenary Session I</b> <i>Perinatal and genetics outcomes associated with no call cfDNA results in 18,496 pregnancies</i> Mary E. Norton, Cora MacPherson, Bo Jacobsson, Melissa Egbert, Fergal Malone, Ronald Wapner, Ashley S. Roman, Asma Khalil, Revital Faro, Rajeevi Madankumar, Lance Edwards, Noel Strong, Sina Haeri, Robert M. Silver, Nidhi Vohra, Jon Hyett, Kim Martin, Pe'er Dar  <i>High-dose versus standard-dose oxytocin regimens to augment labor in nulliparas: a double-blind randomized clinical trial</i> Moeun Son, Archana Roy, Bethany Stetson, Nancy Tunney Grady, Mary Clare Vanecko, Nicole Bond, Kate Swanson, Emily S. Miller, Alan M. Peaceman
1:30 - 2:30 pm EST	<b>Poster Session I</b> <i>Trends in racial disparities in adverse outcomes in with influenza in pregnancy</i> Brittany Arditi, Timothy Wen, Laura Riley, Mary D'Alton, Alexander M. Friedman, Kartik K. Vekatesh  <i>Factors that influence acceptance of invasive prenatal testing among women with high-risk for fetal aneuploidy</i> Christopher A. Enakpene, Tamandra Morgan, Danielle C. Tan, Micaela D. Torre, Tia Jackson-Bey, Laura DiGiovanni
4:00 - 6:30 pm EST	<b>Oral Plenary Session 2</b> <i>Services and safety-net burden of Black-serving hospitals and related severe maternal morbidity</i> Samsiya Ona, Yongmei Huang, Cande Ananth, Cynthia Gyamfi-Bannerman, Timothy Wen, Jason D. Wright, Mary D'Alton, Alexander M. Friedman

## UCSF Postgraduate Course and Poster Session Schedule

Friday, January 29

8:30 - 9:30 am EST

### Poster Session II

#### *Accuracy of patient self-report for indication for primary cesarean*

Marti D. Soffer, KJ James, Miriam Kuppermann, William A. Grobman, Anjali J. Kaimal

#### *Clinical characteristics and obstetric outcomes of women who considered TOLAC*

Marti D. Soffer, KJ James, Miriam Kuppermann, William A. Grobman, Anjali J. Kaimal

#### *Discordance between prenatal inclination and delivery decision among women with a history of cesarean delivery*

Marti D. Soffer, KJ James, Miriam Kuppermann, William A. Grobman, Anjali J. Kaimal

#### *Expedited discharge after cesarean delivery and risk for postpartum readmission*

Timothy Wen, Alexis Panzer, Mary D'Alton, Alexander M. Friedman

#### *Costs and predictors of early discharge and early readmission risk among national Cesarean deliveries*

Alexis Panzer, Timothy Wen, Mary D'Alton, Alexander M. Friedman

#### *Maternal education disparities among prenatal care trends in a national sample*

Timothy Wen, Bittany Arditi, Mary D'Alton, Alexander M. Friedman

#### *Obstetrical outcomes and maternal influenza in pregnancy in the US, 2000-2015*

Timothy Wen, Nicole Krenitsky, Laura Riley, Mary D'Alton, Alexander M. Friedman

#### *Risk of maternal peripartum complications by mode of delivery among patients with superobesity*

Nicole Krenitsky, Timothy Wen, Anna Staniczenko, Mary D'Alton, Alexander M. Friedman

#### *Disparities in COVID-19 Incidence and Outcomes by Insurance Type*

Brittany Arditi, Sbaa Syeda, Cheng Chen, Timothy Wen, Clara Bertozzi Villa, Ukachi N. Emeruwa, Samsiya Ona, Cynthia Gyamfi-Bannerman

#### *Is calculator validated to predict cesarean among induced women accurate in a strictly nulliparous population?*

Nicole Teal, Marley Rashad, Adam Lewkwoitz, Stephanie L. Gaw, Nasim C. Sobhani

10:30 - 12:30 pm EST

### Oral Plenary (Fellows Plenary)

#### *Influenza in pregnancy and severe maternal morbidity in the United States, 2000-2015*

Timothy Wen, Brittany Arditi, Laura Riley, Mary D'Alton, Alexander M. Friedman

1:00 - 2:00 pm EST

### Poster Session III

#### *Intrauterine transfusion practice patterns among members of the Society for Maternal-Fetal Medicine*

Nasim C. Sobhani, Juan M. Gonzalez

#### *Perceived stress among low income pregnant women in during the COVID-19 pandemic*

Miriam Kuppermann, Bridgette Blebu, Jazmin Fontenot, Charles McCulloch, Kimberly Coleman-Phox, Deborah Karasek, Andrea Wiemann, Lauren Lessard

#### *Teen pregnancy and risk for adverse pregnancy outcomes*

Anna Staniczenko, Timothy Wen, Nicole Krenitsky, Mary D'Alton, Alexander M. Friedman

#### *National neonatal outcomes in pregnancies complicated by superobesity*

Nicole Krenitsky, Timothy Wen, Anna Staniczenko, Mary D'Alton, Alexander M. Friedman

#### *Placental findings and adverse pregnancy outcomes in antepartum sepsis*

Kiana C. Nguyen, Christine A. Blauvelt, Stephanie L. Gaw

#### *Comparing transcriptional signatures of fetal Hofbauer cells derived from bulk versus single-cell RNA sequencing approaches*

Jason Akram, Nida Ozarslan, Joshua F. Robinson, Stephanie L. Gaw

#### *Utilizing primary human tissue/cell models to assess for pesticide-induced placental toxicity*

Veronica Gonzalez, Sirirak Buarpung, Hao Chen, Stephanie L. Gaw, Joshua F. Robinson

3:30 - 5:45 pm EST

### Oral Concurrent Session 4

#### *A Double-Blinded Randomized Controlled Trial on Increased Intravenous Hydration in Nulliparous Women Undergoing Labor Induction*

Jennifer Y. Duffy, Erica Wu, Alex Fong, Thomas Garite, Vineet K. Shrivastava

## UCSF Postgraduate Course and Poster Session Schedule

Saturday, January 30

10:45am - 1:00pm EST

### Oral Concurrent Session 9

*Association of chronic comorbid disease and severe maternal morbidity among pregnant patients with influenza*

Arditi B, Timothy Wen, Laura Riley, Mary D'Alton, Alexander M. Friedman

1:00 - 2:00 pm EST

### Poster Session IV

*Frequency and indications for preterm birth in pregnancies with non-immune hydrops fetalis spectrum*

Kate Swanson, Mary E. Norton, Sarah L. Downum, Juan M. Gonzalez, Teresa N. Sparks

*Progression to nonimmune hydrops fetalis in fetuses with increased nuchal translucency*

Nicole Tantoco, Anne H. Mardy, Sarah L. Downum, Mary E. Norton, Teresa N. Sparks

*Diagnostic yield of exome sequencing in prenatal diagnosis*

Mary E. Norton, Billie R. Lianoglou, Jessica Van Ziffle, Amanda Faubel, Sarah L. Downum, Anne M. Slavotinek, Pui-Yan Kwok, Barbara Koenig, Neil Risch, Patrick Devine, Teresa N. Sparks

*Prenatal phenotype of 47,XXY (Klinefelter syndrome)*

Kate Swanson, Juliet C. Bishop, Huda B. Al-Kouatly, Mona Makhamreh, Thomas Felton, Neeta L. Vora, Teresa N. Sparks, Angie C. Jelin

*Adverse outcomes during postpartum readmissions after deliveries complicated by hypertensive disorders of pregnancy*

Ukachi Emeruwa, Cynthia Gyamfi-Bannerman, Timothy Wen, Jason D. Wright, Mary D'Alton, Alexander M. Friedman

*Maternal transfer of care and mortality risk in obstetric patients with sepsis*

Timothy Wen, Alexander M. Friedman, Nicole Krenitsky, Lily Liu, Mary D'Alton, Mirella Mourad

*Association of chronic disease and loss of insurance postpartum*

Nicole Krenitsky, Timothy Wen, Mary D'Alton, Alexander M. Friedman

*Risk of adverse perinatal outcomes after recovery from antepartum sepsis*

Christine A. Blauvelt, Kiana C. Nguyen, Arianna G. Cassidy, Stephanie L. Gaw

*Do severity scoring systems for sepsis predict obstetric and neonatal outcomes?*

Christine A. Blauvelt, Kiana C. Nguyen, Stephanie L. Gaw

*Experiences of discrimination in low-income pregnant women*

Maura E. Jones, Jazmin Fontenot, Kimberly Coleman-Phox, Deborah Karasek, Bridgette Blebu, Lauren Lessard, Venise Curry, Andrea Wienmann, Miriam Kuppermann, Brittany Chambers

*Patient decisions regarding fetal monitoring in the periviable period and association with outcomes*

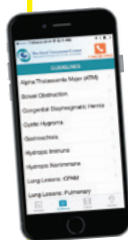

Kate Swanson, Katelin Kramer, Samhita Jain, Elizabeth E. Rogers, Melissa G. Rosenstein

*Aspirin utilization among pregnancies meeting US Preventative Services Task Force Criteria*

Martha A. Tesfalul, Shakkaura E. Kemet, India Perez-Urbano, Arthurine Zakama, Cinthia Blat, Laura L. Jelliffe-Pawlowski, Marya Zlatnik

*Addressing clinical and process factors associated with delayed cord clamping for preterm neonates*

Martha A. Tesfalul, Katelin Kramer, Marie-Coralie Cornet, Meghan Duck, Melissa Liebowitz

### Download Our Mobile App for Physicians

The Fetal Treatment Center (FTC) mobile app gives physicians:

- **Detailed treatment guidelines** including associated conditions, workups, options for fetal intervention and follow-up.
- **News feed** to keep you informed on our new clinical programs, research, clinical trials and more.
- **Educational videos** describing the conditions we treat.
- **Quick contact information** for a seamless, efficient way to refer patients to our clinic.
