Family Planning & Reproductive Choices

Health Care Issues in the Sex Worker Population

African American Health Disparities

Latina Health Issues

Incarcerated Women's Health

Groups

OB/Gyn Interest Group
Medical Students for Choice

Summer Explore

• 7 weeks of research with 1 week vacation with living stipend

LabSpot

• <u>UCSF Ob/Gyn Medical Student Research</u> Opportunities

Dr. Cedars' Projects

Research/Project Work

MS2

Electives

Apply to be coordinator for Ob/Gyn Electives

Ob/Gyn Surgical Skills Elective - open only to MS2's

Surgery Skills Elective (Intermediate)

OR Assist Elective

Upcoming Clerkship

Select sites during Fall of MS2 year, through MedHub

Prioritize what is important to you, do not feel one site is the only pathway to a given outcome

Managed health care, public hospitals with indigent populations, private hospitals

Continue your Summer Explore project or other projects you started in MS1, which may even carry into your clerkships if you're publishing a manuscript, etc.

Educational projects are feasible as well (i.e. the effect of orientation materials during COVID)

Clerkship Year, Career Launch

Clerkship

Use this active opportunity to learn skills, ask questions and perform. Clerkship year is when students become an active member of the team

CiEX opportunity, complete 3 during MS3 year—two-week electives

Consist of MIGS, REI, Medical Education, Career Explore topics

Career Launch/CODA

4-week block in March after finishing Step 1

Two functions of this block:

- 1) Learn about the roles and responsibilities of a sub-l
- 2) Work on your inquiry funding proposal for Deep Explore (even if you aren't applying for funding)

12-20 weeks during your 4th year on a project

About 1/3 of the class takes a year off for a more extended research project or additional schooling

Can continue previous projects or look for new mentors and projects

Continuing Project Work

https://obgyn.ucsf.edu/medicalstudent-program/residencymatch-process

Take 1-2 4th year electives after Step 1

Complete at least 1 Sub-I prior to Aug. 30 (work beyond elective, at Intern-y level)

Assigned advisor—baseline contact 1 meeting with department chair VESP Pod advising (July-Sept.)
