

SMFM 2022 - UCSF presentations

**all times listed are EST*

Tuesday, Feb 1 (1:00pm-1:30pm)

The completely un-routine: Rare fetal and maternal diseases

Fetal hydrops

Teresa N. Sparks

Wednesday, Feb 2 (8:00am-2:00pm)

Prenatal genetics for the MFM physician in 2022 and beyond

Course co-director

Genetic evaluation of fetal anomalies: How to choose the right test

Case-based classification of genetic variants

Teresa N. Sparks

Wednesday, Feb 2 (11:00am-12:00pm)

Prenatal genetics for the MFM physician in 2022 and beyond

Course speaker

Prenatal phenotyping

Case-based classification of genetic variants

Mary E. Norton

Oral Presentations

Thursday, Feb 3 (1:15pm-3:45pm)

Association between fetal Hofbauer cells and Air Quality Index in pregnancies exposed to wildfire smoke. **Emilia Basilio; Stephanie L. Gaw; Amy Padula; Sirirak Buarpung; Joshua F. Robinson**

Friday, Feb 4 (1:15pm-3:45pm)

58. Do pregnancy outcomes differ by mode of insulin delivery for type 1 diabetes mellitus?

Nasim C. Sobhani; Akshaya Kannan; Nicole K. Tantoco; Sophie Patzek

Saturday, Feb 5 (8:00am-10:30am)

86. Obstetric and birth outcomes among sexual and/or gender minority patients, California, 2016-2019. Stephanie A. Leonard; **Iman Berrahou**; Adary Zhang; Elliott K. Main; Juno Obedin-Maliver

88. Trends in Unstable Housing and Risk for Adverse Pregnancy Outcomes during Delivery Hospitalizations. Anna P. Staniczenko; **Timothy Wen**; Amalia Gonzalez; Brittany Arditi¹; Mary E. D'Alton; Alexander M. Friedman

94. Trends in Fontan pregnancies, mode of delivery, and risk for obstetrical complications.

Nasim C. Sobhani; Brian Liu; **Chiara Corbetta-Rastelli**; **Anushree Agarwal**; Mary E. D'Alton; Alexander M. Friedman; **Timothy Wen**

Posters

Thursday, Feb 3 (10:30am-12:00pm)

214. Arditi B, Logue T, Staniczenko A, Friedman AM, **Wen T**. Trends in and predictors of episiotomy and anal sphincter injuries during operative vaginal delivery, 2000-2018.

256. Cost-effectiveness of exome sequencing versus targeted gene panels for prenatal diagnosis of non-immune hydrops fetalis. Carmen Avram, **Aaron B. Caughey**, **Mary E. Norton**, **Teresa N. Sparks**

284. Andrikopolou M, **Wen T**, Simpson L, Miller R, Fuchs K, D'Alton M, Friedman AM. National trends in outcomes for neonates with congenital heart disease.

288. Sheen JJ, Friedman AM, Goffman D, D'Alton ME, **Wen T**. Delivery hospitalizations with chronic hypertension complicated by chronic renal or cardiac disease.

362. **Nichols Rubashkin**. Evidence-Based Discrimination: a qualitative study of the implementation of the MFMU VBAC Success Calculator.

384. **Corbetta-Rastelli CM**, Liu B, **Sobhani NC**, Arditi B, Goffman D, Friedman AM, **Wen T**. Trends in transfusion and hysterectomy among birth hospitalizations complicated by postpartum hemorrhage.

Thursday, Feb 3 (3:45pm-5:15pm)

396. Logue TC, **Wen T**, Friedman AM. Dual diagnosis of mental health condition and substance use disorder at delivery and maternal morbidity.

430. **Wen T**, Arditi B, **Sobhani NC**, **Corbetta-Rastelli CM**, Liu B, D'Alton ME, Friedman AM. National trends in postpartum readmission risk for venous thromboembolism.

526. Staniczenko A, Arditi B, **Wen T**, D'Alton M, Friedman AM. Number of Prenatal Visits and Risk for Maternal Morbidity, 2016-2019.

556. Linder AH, **Wen T**, Purisch S, D'Alton ME, Friedman AM. Delivery trends and outcomes in pregnant women with adult congenital heart disease from 2000-2018.

561. Yu K, Faye A, **Wen T**, Guglielminotti J, Huang Y, Wright J, D'Alton M, Friedman AM. Trends in and Outcomes during Delivery Hospitalizations with Inflammatory Bowel Disease.

565. Panzer A, Reed-Weston A, Friedman AM, **Wen T**. Acute postpartum care utilization after expedited postpartum discharge.

617. Arditi B, Staniczenko A, Friedman AM, D'Alton ME, **Wen T**. National trends in mode of delivery among patients with HIV, 2000-2018.

712. Oberlin AM, **Wen T**, D'Alton M, Friedman AM. Risk factors for obstetric venous thromboembolism stratified by mode of delivery.

Friday, Feb 4 (10:30am-12:00pm)

883. Andrikopoulou M, **Wen T**, Sheen JJ, D'Alton M, Friedman AM. Obesity and nulliparous, term, singleton, vertex cesarean delivery rates on the United States county level.

926. Buford A, Kadambi A, Ebrahim A, Ebrahim S, Nguyen E, **Wen T**. Cesarean delivery rates among hypertensive birth hospitalizations in urban versus rural hospitals.

941. **Wen T, Corbetta-Rastelli CM, Sobhani NC**, Liu B, Arditi B, D'Alton M, Friedman AM. National trends, estimated costs, and predictors of 'never events' following birth hospitalization.

Friday, Feb 4 (3:45pm-5:15pm)

1026. Sheen JJ, Friedman AM, Arditi B, Staniczenko A, Goffman D, D'Alton ME, **Wen T**. Trends in chronic conditions by maternal age and risk for severe maternal morbidity.

1042. Logue TC, **Wen T**, Friedman AM. Trends in substance use disorder at delivery hospitalization and risk for adverse pregnancy outcomes, 2000-2018.

1094. Prenatal phenotyping for non-immune hydrops and other abnormal fluid collections
Teresa N. Sparks, Billie R. Lianoglou, Sarah L. Downum, Patrick Devine, Ugur Hodoglogil, Jessica Van Ziffle, Mary E. Norton

1097. Kelsey Loeliger, MD PhD, Veronica Gonzalez, MD, Mary Prael, MD, Joshua F. Robinson, PhD, Dongli Song, MD PhD, Priya Jegatheesan, MD, Stephanie L Gaw, MD PhD. Identifying Unique Inflammatory Cytokine Profiles in Maternal-Fetal Dyads with COVID-19
